

CATHERINGTON CHURCH OF ENGLAND INFANT SCHOOL

Sport Premium and Sports Funding Report

Schools must use the Sports funding to make additional and sustainable improvements to the quality of PE and sport they offer.

This means that we should use the Primary PE and Sport Premium to:

- develop or add to the PE and sport activities offered at school already
- build capacity and capability within the school to ensure that improvements made now, will benefit pupils joining the school in future years.

Please visit gov.uk for the revised DfE guidance including the 5 key indicators across which schools should demonstrate an improvement for further information.

This document will help you to review our provision and expenditure. The DfE encourages schools to use this template as an effective way of meeting the reporting requirements of the Primary PE and Sport Premium. Under the Ofsted Schools Inspection Framework, inspectors will assess how effectively leaders use the Primary PE and Sport Premium and measure its impact on outcomes for pupils, and how effectively governors hold them to account for this. Schools are required to publish details of how they spend this funding as well as the impact it has on pupils' PE and sport participation and attainment.
